

FIFTIETH YEAR.

IN THE THROES OF
A GREAT STORM.Nine Inches of Snow and Sleet
Rest Upon New York.

THE TRAFFIC IS BLOCKADED.

Weather Department Paralyzes Business
on the Hudson—Storm
in Pennsylvania.

[Afternoon Dispatches.]

New York, March 16.—Nine inches of sleet and snow cover the streets of New York today, and 4,000 men are battling with it in Manhattan. Three thousand more are at work in Brooklyn. Traffic has been partially paralyzed in some sections of the city since early morning.

During the early hours the Brooklyn bridge traffic was practically blocked. The street on the third rail supplying electric power to the bridge cars cut off the current and a general blockade was the result. The trolley lines over the bridge were not much better and thousands of persons were forced to walk across in the face of a cutting sleet and sleet. Surface traffic was, of course, everywhere delayed.

The Fifth Avenue elevated road, which uses the third rail electric system in Brooklyn, was almost completely tied up after midnight. In the crowded streets down town fallen boxes and stalled drays and trucks greatly impeded business, causing many blockades. In the outlying districts similar conditions prevailed. The fall of snow in New Jersey was heavier than in the city. Mail trains were delayed by the storm and the mails were several hours behind in their delivery.

On many of the suburban lines in Jersey, the trolley wires broke under the weight of their coating of sleet and ice, tying up several lines completely. A number of homes were killed by contact with live wires. No fatalities from the cold are reported in the city. The station houses and charitable institutions were crowded with homeless.

IN ICICLES OF SNOW.

Summit, Pa., March 16.—Snow began falling here yesterday morning and the storm ceased at 4 o'clock this morning. The ground was covered to a depth of 7 inches. This place is completely snow bound. Over 6,000 men and women are here and Mount. Laurel and employees at the collieries are unable to get to the collieries. The station houses and charitable institutions were crowded with homeless.

Vessel Stacked in the Ice Five Miles
from Shore.

When the vessel was entering the ice to the southwest. Four short blasts of her whistle were heard signifying need of a tug or in distress.

The tug Andy was ordered out to render assistance. The tug disappeared in the snow storm on the southwest course and is constantly blowing red whistles. The vessel's engine failed to reply. Chicago, March 16.—The City of Louisville has on board about twenty passengers, mostly Chicago and Benton Harbor people, and a cargo of package mail. At Graham & Morton headquarters here no apprehension is felt for the safety of the steamer, as it was built with a view of withstanding the impact of heavy ice.

INVESTIGATION IS IRRITATING.

Decisions in Idaho Riots Inquiry
Far from Unanimous.

Washington, March 16.—The taking of testimony in the Coner d'Alene investigation before the House military committee has suspended this morning in order that the committee might hold an executive session to determine how far the official record of the proceedings should include the speeches and personal conversations which have occurred of late. Representatives Lantz and Sulzer extended that everything should be included with a record vote including names on each division.

It was decided by a vote of nine to five on party lines to keep the record down as far as possible to the actual questions, answers and votes. Subsequently this was amended so that all that has heretofore occurred will stand, but hereafter the committee will determine as circumstances arise whether arguments and controversies shall be included. During the discussion considerable feeling was manifested and intimations were made by some of the members that they would withdraw from the investigation because of the proposed limitation of the record. No record action was taken, however. The open session went over until 2 p. m.

Last night and ice formed generally last night, but only in northern Louisiana, but in the southern section it was well. Some damage to fruit and vegetables is reported. Here the tem-

perature went down to 29 at 6 a. m. The maximum yesterday was 56. The minimum was 24. March 16.—The worst feared by fruit growers of Eastern Tennessee and north Georgia, was realized in the cold wave of last night. Reports this morning show that the mercury dropped 24 and everything is frozen over this entire section. Fruit growers will lose heavily. Johnson City reports nine inches of snow, which by its weight has damaged large tracts of timber.

Washington, March 16.—Senator McMillan today introduced a bill "to prevent robbing the mail." The bill provides a system of post checks, to be sent through the mails instead of currency.

Proclaims Himself Dictator.

New Orleans, March 16.—Advices from Port Limon and Greytown by steamer today say that President Iglesias of Costa Rica has issued a proclamation suspending the constitution of the republic and declaring himself dictator until after the threatened invasion on the part of Morra occurs or has been abandoned.

The constitution has now been suspended for two weeks. Costa Rica and Nicaragua are said to be quiet, but troops in both countries are kept thoroughly drilled.

VOTE ON QUAY CASE
TUESDAY, APRIL 3Senate Reaches an Agreement on
Time of Final Action.

ALLEN AMENDMENT BEATEN

It Is Referred to Puerto Rico Resolutions
Regarding Aguinaldo and
Senate Employees—Code Bill.

[Afternoon Dispatches.]

Washington, March 16.—At 10 o'clock today the Senate convened to conclude, if possible, between that hour and noon the formal reading of the Alaska code bill. The reading was concluded at noon.

Mr. Hoar (Mass.) offered the following resolution, which was adopted: "That the secretary of war be directed to communicate to the Senate a letter of Emilio Aguinaldo, dated at Bacoor, July 15, 1898, addressed to the American commander and forwarded to Gen. Merritt July 27, 1898."

Mr. Gallinger (N. H.) offered a resolution, which was agreed to that the members of the cabinet be directed to communicate to the Senate the number of clerks in their departments, giving the number between specified ages and also those who in whole or in part are permanently incapacitated.

Mr. Hoar (Mass.) renewed his request of yesterday that a date be fixed for the taking up of the case relating to the seating of Mr. Quay as a senator from Pennsylvania, and asked that the case be fixed at two weeks from next Tuesday, the consideration of the case not to interfere with appropriation bills, conference reports, unfinished business or the Spooner bill conferring authority upon the President to govern the Philippines.

Mr. Gallinger (N. H.) who had yesterday some hot words with Mr. Penrose (Pa.) said he had been astounded at the charge that those who were opposed to the seating of Mr. Quay were employing parliamentary tactics to obstruct a vote on the case. He pointed out that even since the case had been before the Senate bills in charge of senators favorable to Mr. Quay had been under consideration by the Senate.

"In no manner," said he, "has a single senator opposed to the seating of Mr. Quay laid any obstacle in the way of a vote on that case. I'll say now the Senate need not delay that vote for a single minute on my account. I shall not object. I'll vote my convictions by voting against the seating of Mr. Quay."

The order proposed by Mr. Hoar was agreed to by unanimous consent. After the morning business had been disposed of, the Senate took up the Puerto Rico appropriation bill. The amendments of the Senate committee limiting the appropriation to the revenues collected prior to January 1, 1898, having been agreed to yesterday, a vote was taken on Mr. Allen's amendment declaring the Constitution extended over the island.

The amendment was laid on the table—36 to 17, as follows: Yeas—Allison, Baker, Bard, Beveridge, Carter, Davis, Deboe, Elkins, Fairbanks, Foraker, Foster, Gallinger, Gear, Hale, Hanna, Hawley, Keam, Lindsay, Lusk, McBride, McComas, McCumber, McMillan, Penrose, Perkins, Pritchard, Quarles, Ross, Sewell, Shoup, Simon, Spooner, Thurston, Warren, Wellington, Wetmore—36. Nays—Allen, Bacon, Bates, Berry, Butler, Chilton, Clark (Mont.), Clay, Cockrell, Culberson, Harris, Kenney, McClaurin, Morgan, Rawlins, Tillman, Turley—17.

QUAY'S FRIENDS DISCOURAGED.

Believe Postponement of the Case
Will Give Opponents the Advantage.

SPECIAL TO THE "NEWS."

Washington, D. C., March 16.—Friends of Senator Quay are greatly discouraged at the action taken by the Senate this morning, in postponing further consideration of the Quay case until April 3. Even when it comes up at that time, it must at any time yield precedence to the Puerto Rican or Philippine legislation, appropriation bills, or to conference reports, so that today's agreement virtually puts Mr. Quay in worse position than ever, so far as reaching a vote is concerned.

The interval between now and April 3 will give a dozen of Quay's opponents ample time to prepare long speeches, so that they are more sanguine than ever of taking the case to death and making a vote impossible at this session.

Sold a Fast Colt.

Ogdensburg, N. Y., March 16.—Sidney Poynter, the oldest colt by Salsby, Star Pointer, the world's fastest pacer, has been sold by W. H. Moffatt of Kenosha, to McLaren of Ottawa for \$5,000.

ELIMINATE SILVER.

Plan to Do This and Elect Tom L.
Johnson Democratic Chairman.

St. Louis, March 16.—Ex-Gov. William J. Stone, Democratic national committeeman from Missouri, said today he believed there was some truth in the statement that there is a movement among eastern Democrats to elect Tom L. Johnson of Ohio chairman of the national committee and eliminate silver from the platform.

To a Post Dispatch representative Gov. Stone said: "From information that came to me at Washington and since, I gather that the object which the Palmer and McKim Democrats are trying to attain is the capture of the organization of their party. The scheme seems to be to get into the convention as delegates and with as little noise as possible, but by means of adroit manipulation control as many delegations as possible with the ultimate object of controlling the convention and capturing the national

committee. They will be for Bryan, but they want the organization.

"Speaking for myself, while I am very glad to see the Palmer and McKim Democrats of 1896 come back to the party, I do not believe in offering a premium for their return. If they come back they should come with no hope of reward, but as plain Democrats. They deserted the party in 1896 and fought it as hard as they could, and they should expect no reward for seeing the error of their ways and repenting. I do not believe in giving them the management of the national campaign."

500 Employees Discharged.

New York, March 16.—The American Tobacco Co. today discharged its entire list of 500 employees, men and women today from the cigar factory at Fifty-second street and the East River and it will move its plant to its factory in Richmond, Va., Baltimore, Cincinnati and Lancaster, Pa. This is the only factory the company had in this city.

Manager Gordon of the factory said that the shutting down was on account of the expenses of the factory. "Labor is too expensive here," he said, "and we can get it cheaper in the other places."

The Irish Poor.

London, March 16.—The prince and princess of Wales opened the sale organized by the Irish Industries association at the Mansion house this morning. Enormous crowds lined the streets and the houses and stores displayed flags.

Indicted for Gambling.

New York, March 16.—The grand jury, which has been investigating vice and lawlessness in the city, will, it is announced, make its report this afternoon. Police Captain Thomas called at the criminal court building before 11 o'clock. He said he wished to testify before the grand jury.

Foreman Goodell Freeman cautioned him that anything he said, if it incriminated him could be used against him in the event of an indictment. Captain Thomas went into the grand jury room a little before 11 o'clock.

Chief Devery conferred with Col. Gardiner and went into the grand jury room to testify after Captain Thomas left. Twenty-six of the thirty gamblers indicted yesterday were arraigned before Recorder Goff in general sessions court today.

They all pleaded not guilty.

For a New Ships Canal.

Washington, March 16.—Representative of the Chicago sanitary board today presented to the Senate and House a memorial favoring the construction by the United States government of a deep water way from Lake Michigan via the Chicago sanitary and ship canal and the Des Plaines and Illinois rivers to the Mississippi river. Former Representative McGann, of Chicago, who is in the party, says the memorial will be followed by a bill or resolution ordering a survey or estimate of the project.

The memorial is handsomely illustrated and shows the magnitude of the work already done, the total cost of construction, including interest account, aggregating \$34,000,000 up to January 1 last. It asks for a channel 26 feet deep and 300 feet wide and presents many arguments in favor of the proposition saying that "besides conferring inestimable benefits upon commerce it would enable the government to place her gunboats by way of the Mississippi river upon the lakes for the protection of her marine interests."

ALIEN NORTH ENTHUSIASTIC.

Jamestown, Cape Colony, Thursday, March 15.—There was much enthusiasm at Aliwal North when Gen. Brabant's troops occupied that place. Commandant Oliver, the Boer commander, apologized for the action of the Boers

BRITISH LOSSES
AT DREIFONTAIN.They are Officially Reported as 62
Killed, 321 Wounded.

ROBERTS' ADMINISTRATION.

Its Success in Bloemfontein—He
Promises to Lead the Guards Bri-
gade into Pretoria—Other News.

[Afternoon Dispatches.]

London, March 15.—It was officially announced today that the British casualties at Driefontein, March 10, were 62 men killed and 321 wounded, including 1 Canadian wounded.

Lord Roberts' success in handling the civil problems at Bloemfontein and the manifest equanimity which the residents of the capital of the Orange Free State accept the British occupation monomarily eclipse in interest the military situation. It is believed here that the commander-in-chief of the British forces in South Africa will soon push on to Pretoria, but Great Britain is quite content to listen for a few days to the acclamations of the people of Bloemfontein and permit the troops to enjoy a few days' rest before expecting further success. Lord Roberts made a quaint speech to the guards at Bloemfontein today, when in his first congratulatory words he expressed pride in their splendid march of thirty-eight miles in twenty-eight hours, and gave ample assurance of his ultimate designs.

ROBERTS' PROMISE TO ENTER
PRETORIA.

"Through a small mistake," said Lord Roberts, "I have not been able to march into Bloemfontein at the head of the brigade as I intended. I promise you, however, that I will lead you into Pretoria."

Gen. Gatacre is holding Bethulie, and the whole line of the railroad south of Bloemfontein is now in the hands of the British. Gen. Brabant's column having crossed the Orange River after a forced march at Aliwal North on Sunday, and Gen. Clement's column being across at Van Zyl, the three columns will form an army of 10,000 to 15,000 men, which is expected to replace the forces of Lord Roberts at Bloemfontein as he pushes northward.

Just where the Boers will attempt to oppose that march is an important question, but it cannot be easily answered until Gen. Joubert is more definitely located.

MAKING HOLDING ON.

Further news has reached the outside world from Mafeking, dated Friday, March 10th, showing that though the garrison was in hard straits they were buoyed up by the knowledge that their plucky fight was appreciated at home.

Gen. Roberts reports that he found seven British officers and forty-three men wounded in the hospitals at Bloemfontein and that they had been well cared for. He adds: "I rejoiced the wounded Boers by telling them they will be allowed to proceed to their homes instead of being made prisoners as soon as they can leave the hospital."

ALIEN NORTH ENTHUSIASTIC. Jamestown, Cape Colony, Thursday, March 15.—There was much enthusiasm at Aliwal North when Gen. Brabant's troops occupied that place. Commandant Oliver, the Boer commander, apologized for the action of the Boers

LIEUT. GEN. FRENCH AND MAP SHOWING ABRAHAM'S KRAAL

Lieutenant General J. D. P. French, the dashing British cavalry general who relieved Kimberley, is now doing reconnaissance work for General Lord Roberts in the Orange Free State. He recently found the Boers in force at Abraham's kraal, which, as shown on the war maps, is a group of three kopjes situated at the junction of Kaal spruit with Modder river. It is a natural point of concentration, which the Boers could make exceedingly strong, and is about 30 miles east of Paardeberg.

during the last days of the occupation, saying he could not control his men. The British are now encamped on the Free State side of the Orange river, with the Boers holding an advantageous hill in front of them. Gen. Brabant is greatly hampered owing to the lack of artillery, having only two fifteen-pounders.

NAVAL BRIGADE SAILS.

Capetown, March 15, Thursday.—The British first-class cruiser Powerful, with the naval brigade, which has been operating against the Boers in South Africa, sailed for England today.

BLOEMFONTEIN'S GREETING TO
ROBERTS.

Bloemfontein, Tuesday, March 13.—As Lord Roberts was being conducted to the town today by the deputation of officials which had gone out to meet him, he was greeted by great crowds cheering and waving handkerchiefs and displaying the utmost enthusiasm and cordiality. English songs were sung, the union jack with a four-leaved shamrock embroidered in the corner by Lady Roberts, was raised over the presidency, and the cheering was tremendous.

Then that portion of the troops necessary to man the northern heights began to march through the town, amid the cheers of people. When the horse batteries passed the contrast between the well fed citizens and the exhausted and worn-out gunners who sat upon their horses and caissons without a sign of emotion, was most striking.

AN IMMENSE ARMY.

By this time the plains outside the town was gradually filling with infantry regiments and immense transport convoys which seemed to overrun the ground like water. Gradually out of the chaos order emerged, each brigade and transport establishing itself in its proper position in long straight lines, miles in extent. From the higher kopjes the town, far beyond could be seen a long yellow serpent representing regiments of khaki clad troops marching on the town.

General Joubert was expected here early this morning, but the blowing up of the line north of the town prevented his coming. He remained at Brandfort with 2,000 Natalers.

FREE STATE GIVING UP.

The Free Staters south of here are reported to be rapidly returning to their farms. General Grobelaar is attempting to escape to the north.

He has a large command and a big convoy of supplies. The majority of the townspeople anticipate that the Free Staters will offer no resistance.

A COUNCILMAN'S DOG.

Assistant Catcher Lewis Has an Ex-
citing Time in the Annex.

Richard Lewis, a colored gentleman, known by his associates on Commercial street as "Race Horse Dick," became involved in a row today that may result in his official decapitation.

For some time past Lewis has held the position of assistant dog catcher, and has proved himself a terror, not only to dogs to their owners as well.

Yesterday Mail Carrier Naylor, whose route embraces the Annex and Sugar ward, lodged a complaint with Deputy Recorder Nystrom, stating that east and west, north and south of Eleventh South, dogs were as thick as lice on a hen's back, making it extremely dangerous for him to enter people's lots and deliver his mail.

"All right," said Nystrom. "We'll see what a little weeding out process will do."

Accordingly, bright and early this morning Lewis was dispatched to the Annex and vicinity and was making quite a haul when one little cur gave him the slip and ran, with "Race Horse Dick" after him. Lewis got within a few feet of the canine when the little "bigger" (as Lewis called him) went under a fence and into the lot owned by Councilman J. J. Thomas. In the rear of Mr. Thomas's lot, chained to a kennel, was a massive St. Bernard dog, called "Blaine," who, seeing the colored man trying to lasso one of his own tribe, sprang forward and mauling for Lewis, breaking his chair in the spring. The infuriated animal would have been on Lewis in another second or two but just at that moment Councilman Thomas appeared on the scene and called "Blaine" back. The dog retreated toward his master somewhat reluctantly, all the while growling like "sixty."

Lewis caught the dog he started out after, put in it the dogwagon and then went back to the Thomas residence. "What do you want?" enquired the Councilman.

"I want that 'dog-gone' dog," said Lewis.

"You can't have it," said the city solon.

"I can't?"

"No, sir; you can not."

"Why not?"

"Because I pay taxes on that animal, and don't you dare touch it!"

"I don't care what you pay. Such a savage dog as that will have to go to the crematory, tax or no tax, and I don't propose to be interrupted and interfered with by any rural idler. I tell you those," went on Lewis, who by this time was fairly frothing at the mouth.

"Rural? Rural? did you say?" said Mr. Thomas, as he caught Lewis by the throat.

"That's what I ga, ga, said," spluttered Lewis.

Just then Deputy Sheriff Ben Harries hove in sight and hostilities ceased, fortunately, it is said, for the colored "gentleman."

Harries explained what a harmless animal "Blaine" was; that he would scarcely look at a bone, and always paid his taxes in advance, etc., etc. "And as for you calling this gentleman a 'savage' or a 'rural,' went on Ben, with a strong Cambrian accent on the "r," "why, do you know that he is a member of the Salt Lake City Council, and—"

Lewis did not wait to hear any more. "What?" he exclaimed. "Did you say he was one of the City Councilors?"

"That's what I said," answered Harries, "and he's more than that. He's—"

Lewis made for his dog wagon, jumped on the seat and commenced to drive rapidly towards town.

Arriving at the city recorder's office he reported that there "aint" but one dog below Eleventh South, clear down to Sandy."

TRUSTEE DISCHARGED.

The case of Harry McConnell, bankrupt, came before Referee Baldwin today. The report of the trustee, J. T. Pierce, was approved, that officer discharged and the case remanded to the Federal court.

FATHER CASHMAN
WILL LECTURE.Distinguished Prelate from Chicago
Will Speak on Ireland at

THEATER TOMORROW NIGHT

An Excellent Musical Program in
Connection with the Lecture—For
Benefit of St. Ann's Orphanage.

Rev. Father Thomas F. Cashman, of Chicago, and one of the most eloquent advocates of the Catholic faith, has arrived in the city accompanied by his sister, Miss Cashman, and Rev. Father J. J. Crowley. Father Cashman is here to deliver an illustrated lecture in the Theater tomorrow night, on "Ireland," for the very laudable purpose of assisting the St. Ann's orphanage.

This reverend gentleman enjoys the reputation of being an orator of rare attainment, and it is said that few men in America, if any, can surpass this distinguished prelate in depicting the Emerald Isle; his descriptions are said to be as graphic as his mechanical views are beautiful. Father Cashman is not one who entertains only, but he instructs the wisest. He will not only describe in vivid language the famous seaport town of Queenstown, but will probe deeply into Ireland's wrongs, rights and vicissitudes, pointing out the mistakes and achievements of the generous, impulsive sons of Erin.

Throughout the lecture, interspersed in appropriate places, making it more realistic and interesting, the following musical numbers will be rendered: Melodies of Ireland.

Violin—Master Roy Williams.

Harp—Mrs. Edward McGurkin and Mrs. Richard Ke
